

CURTAIN TRACKS

- Heavy-duty track systems for wide and heavy curtains
- Corded, wand and motorised systems
- Ripple Systems available

A range of curtain tracks designed to provide superior function and a multitude of options. Tracks are available in cord, wand and motorised systems.

The ball bearing runners easily carry heavy and wide curtains or choose a ripple system to be on the cutting edge of contemporary design.

The Urban systems provide a stunning stand alone track system when no pelmet or valance is used.
